Pony Express Covers

How many know that more than twenty years before the trans-Continental Pony Express was founded, a pony express carrying mail was established from New Orleans to New York, cutting days off the time previously used for the trip. Charges however were so high that after less than two years, the project was abandoned. We have some very fine Eastern Pony covers, each one properly inscribed EXPRESS MAIL, at $12.50 each. These are just now coming into their own, following the interrupted study Stanley Ashbrook was making of them.

Most Interesting Stamp Issues of the World for the Year 1959

As we enter the year 1960 philatelic commentators in every area of the world where stamps are collected will be expressing their opinions as to which are the most interesting, most beautiful, most meaningful of the issues of 1959. No two such writers or broadcasters can be expected to be in complete agreement, and by past experience we may expect that those which some choose as the best will by others be named the year's worst. So, as we make our own selection we understand that many will disagree with us, but our readers have in the past indicated that they are interested in knowing what we consider the world's most noteworthy stamps of the year, and we therefore pass on our opinion as such, with no thought that it is beyond challenge. Too, there have been so many exceptional stamps in the year 1959 that we most assuredly shall be unable to mention all of them. We could not, in fact, take the time to review all of the issues, and so shall have to content ourselves with mentioning those which made such an impression on us at the time of issue that they still remain in our memory without resort to a careful review.

Our newspapers tell us that a check-up of the world's news stories for 1959 indicates that the top headliner for the year was Soviet Russia's Premier Nikita Khrushchev; and second in line, our own President Dwight D. Eisenhower. Therefore, and because this stamp impressed us indelibly when issued, I select as the top stamp of the year as related to the top news persons and news story of 1959 Russia's stamp commemorating the visit of Premier Khrushchev to the United States. The design shows the dome of the capitol in Washington and the tower of the Kremlin in Moscow, and includes an inscription noting the visit and dates. Second in the category of world-shaking news I place the stamps issued to mark Russia's successful moonshot. This event was commemorated by stamps of Czechoslovakia, Communist China, Poland, Romania, East Germany, Hungary, and possibly others, as well as Russia itself.

Other noteworthy stamps in the field of current events came from many countries, covering happenings of both national and international consequence, and in practically every avenue of human interest. There were stamps of regional importance, such as the "Europe" stamps of the Coal and Steel Community; issues for African Freedom Day; and the West Indies Federation. In historical issues affecting the international aspect in a vital way, perhaps none is more significant than Red China's "Big Leap Forward" issues. Nationalist China's stamps to mark the defense of the Kinmen and Matsu Islands point up still further the critical situation in the Asian area which has so long threatened to set the world on fire. Of particular importance to the United States, because of the way the situation has developed in a country so close to our borders, is Fidel Castro's overthrow of Batista, which was commemorated in a stamp shortly after Castro's victory.

Among other national events commemorated with stamps were those of Singapore and Aden, marking their new and revised constitutions; Yemen's stamps to celebrate her alliance with the United Arab Republic; and North Viet Nam's issue for her "Voice of Viet Nam" radio station, built with Soviet assistance. All of these, while national in character, also have repercussions in other areas of the world, and reflect the stirring of the people all over earth's surface. Truly, today one could tell the history of our times in a collection of postage stamps, for there are many others than those we have mentioned with which to note the march of time.

Fortunately, it can also be said that there have been a number of stamps during 1959 which indicate a mood of desire for mutual cooperation. Among these were the issues marking arctic and antarctic explorations, mutually shared by various countries. Among such stamps was one from the United States, and which we consider to be among the most attractive of U. S. issues, and

First day cover from the Luxembourg Administration of Posts & telegraphs with the Caritas issue of 1959, showing the armorial ensigns of Clervaux, Remich, and Wiltz.

with a completely appropriate design. The sesquicentennial of Abraham Lincoln was marked not only by three issues from our own country, but by stamps emanating from many other countries. It is a significant fact that our U. S. Information Agency has determined through our embassies that Lincoln is the most revered of all Americans in countries abroad. The tenth anniversary of NATO, marked by issues from most of the participating governments, is another instance of cooperation illustrated on stamps. And, of course, the United Nations and its agencies tops the list of mutual cooperation, with issues from over twenty postal administrations, on both sides of the iron curtain.

For the first time in the history of the two nations, Canada and the United States issued stamps of similar design for the opening of the St. Lawrence Seaway, again reflecting cooperation between nations. Another subject, a perennial, which saw issues from numerous countries was the International Red Cross, marking the centennial year.

There were many contenders for top place in the most beautiful stamps of the year, but we would select, after much mulling over a multitude of "beauties", the charming issues of Japan for the wedding of Prince Akahito and Princess Michiko. Our own 15-cent airmail stamp, issued in New York, November 20th, at the A.S.D.A. show, deserves to be named next in line in our opinion. It is one of the most beautiful stamps ever issued by the United States, and when seen in a complete pane, its beauty is even more pronounced.

The United Nations consistently brings out some of the world's most attractive stamps, and all of its issues for 1959 lived up to this standard. We will mention specifically, however, the World Refugee stamp, which sparks the issuance during the coming year of many, many issues from many, many countries.

Belgium also has a constant record of truly artistic design, and from among her issues of 1959, we would select the entire anti-tuberculosis set, issued December 5th. These were designed by five artists; Severin, Goffin, Julin, Haubrechts, and Van Noten, the last-named being well known to many of us here through his residence here for several years, when he was quite active in philatelic circles. He is also the designer of some United Nations issues.

We will not attempt to list other attractive stamps of the year in any specific order, but if we were to choose the best design of each country, we would name: Argentina's international horticultural exhibition issue; Australia's birth of the Post Office 1809; Austria's Vienna Philharmonic commemorative; Canada's NATO; Nationalist China's International Letter Writing Week; Columbia's Miss Universe; Czechoslovakia's bird set; Denmark's Dance Festival; Finland's Forest Administration Centennial; all the French portrait stamps; Germany's Schiller; the coin stamps of Greece; Haiti's Pan American Games; Hungary's butterflies; Iceland's delightful duck and fish issue; India's Sir Jamsetjee Jejeebhoy portrait stamp; Indonesia's Colombo Plan Conference issue; Israel's Tenth Anniversary of Civil Aviation; Jugoslavia's 50th Anniversary of the Zagreb International Fair; Korea's Christmas & New Year Stamps, as well as their 75th Anniversary of Postal Service; the Netherlands stamps for the 40th Anniversary of the KLM Royal Dutch Airlines; Netherlands Antilles Autonomy stamps; Peru's Pacific International Trade Fair; Philippines 100th Anniversary of Progress in Education; Portugal's Millenary of the city of Aveiro; Ryukyu's Flora and Fauna; San Marino's Centenary of Postage of the Roman States; Switzerland's Publicity Stamps, Thailand's United Nation's Day.

Spain's Nativity stamp, issued December 10th, also deserves a place among the most attractive, but we have held it to be mentioned among the top religious designs of the year. The most meaningful of religious stamps, however, is Germany's "Holy Coat", which depicts the coat which acording to tradition Jesus wore on his way to Calvary, and which has been kept at Trier Cathedral since 1100. The Pope Pius Mourning stamps and Pope XXIII Coronation Stamps of Vatican City are noteworthy, both for their religious significance and their beauty. Argentina and Ecuador also issued Pius Memorial stamps.

Though our report is so lengthy, we have but touched the surface in reviewing the stamps of the year 1959. How well it shows that collecting stamps keeps us in touch with our own times and keeps our memories fresh concerning events and personalities of the past.

Polish Definitive Issues 1920-25

Polish Definitive Issues 1920-25. A summary of the recorded papers, shades, and perforation varieties, by Ron Negus. Price 50c from J. C. Crimlisk, 9 Victoria Avenue, Filey, Yorkshire, England.

ANY collector interested in early Polish issues usually gets a surprise if he compares their listings in general catalogs, for they vary considerably. The reason is the enormous number of paper, shade, perforation and other varieties. Although extensively described before, no link-up was hitherto available between the general catalogs and the highly advanced research by such giants in this field as Larking and Penn.

Ron Negus decided that, to encourage further study of these issues, a less complicated introduction was required, but which would still give all the essential basic information. The present booklet is the result. In it he covers the issues in a way understandable to the philatelist who left the beginnings of the hobby and locks for a rewarding field of study which does not involve too great a financial outlay.

One of the European Philatelic Library series, the 24-page booklet is printed by offset-litho, illustrating many of the design varieties, while much other information is presented in clear tabular form.

Old Sleuth

The Summer-Autumn 1959 issue of *The De La Rue Journal* carried an interesting article entitled "The World's Smallest Travel Posters", which was illustrated with pictures of separate elements of various stamps of Malaya, and next to them the final design of the postage stamp incorporating these elements. For instance, a stamp showing a personality would have the portrait used for the design, plus the coat of arms, the Malayan inscription, and the industry, scene, or local custom also included in the design, each shown separately. There are a number of other informative articles in this issue of the Journal, a house organ, published by *The De La Rue Company, Ltd.*, 84-86 *Regent St., London W.*1, *England.* Editor is *Alan Kitson*, assisted by *Barry Isted*; and art editor is *David Martin.* They do a very creditable job in this beautifully illustrated and well planned magazine.

Our thanks to *G. B. Newill*, vice-pres., General Motors, for a first flight cover of Lockheed Electra Luxury liner on routes of Qantas Empire Airways, Sydney, Australia to New York. Also to *Horace D. Westbrooks*, Griffin, Georgia, for a cachet he sent locally on December 17, 1959, for the First National Observation of Wright Brothers Day, which by proclamation of President Eisenhower will be observed annually in the future on December 17th. And to *Joachim Dill*, Bad Neustadt, Germany, for a first flight cover of the Austrian Airlines via Vienna-Athens-Cairo.

* * *

Our thanks to the *Rev. Karl W. Scheufler*, Columbus, Ohio, for one of the Lincoln cachets which the Ohio Lincoln Sesquicentennial Committee is presenting in a series, this one depicting the Steamboat "Clipper" vs. Linus Logan, Lincoln's first professional association with Ohio courts. Also, to the *Braniff International Airways* for a flight cachet on AM9 on the inaugural of jet service between Dallas, Texas, and New York.

Paul E. Drexler, of Forest Hills, New York, submits a cacheted cover from Turkey commemorating the visit of Eisenhower to Turkey, and postmarked at Ankara, December 6, 1959.

Mr. Drexler also reports that in the World Health Day meter used by the United Nations from April 1 to April 7, 1959, the W.H.O. emblem is about 1½ mm. smaller than the one used in 1956. Machines #1 and #2 were used on the first day, April 1, and machines #1 and #4 were used on the last day, April 7, 1959.

Polish-American Journal Inaugurates Philatelic Column

THE *Polish-American Journal* inaugurated a stamp column with its December 5, 1959 edition. Edited by *Edward Nowak, Sr.*, of Winthrop and Boston, Massachusetts, the column will deal largely with Polish philately. His first column is the only one we have seen so far, but it got off to a good start with a full double-column under the general title of "Polish Philatelic Forum". It contains a considerable amount of information, and is exceptionally well presented.

Mr. Nowak is an ardent Polish specialist, a real "sparkplug" in the *Polish Philatelic Society* of Boston, and presently in charge of public relations for the Society, as well as acting as philatelic advisor for it. He has acted as guest editor for several special Polish issues of STAMPS, and is a prolific writer in this field of philately, as well as a lecturer. A few years back he donated a 20-volume Polish collection to Regis College for its philatelic museum.

We are sure Mr. Nowak's column in the *Polish-American Journal* will prove very successful and have an ever-increasing following.

Here's your Answer

This department will answer any questions except those answered by any good dictionary or encyclopedia if clearly stated and if the sender encloses an addressed and stamped envelope for reply. Commemorative or other desirable stamps on your inquiry will be appreciated, but not obligatory. Send all questions direct to C. N. Allen, 2 Brewster Rd., Hanover, N. H.

Q.—Is there a list of stamps picturing the seven wonders of the world?

A.—I doubt it, and also that the seven wonders are all shown on stamps, although to prove this one way or the other you would probably have to go through the catalog cover to cover and make up your own checklist.

* * *

Q.—Where can I get information about the enclosed (2 stampless covers; one a poor NY cancel, the other a nice Brooklyn one with "Paid 3"). Nassau Street dealers professed to have no information and to care less.

A.—Before stamps (1847) letters were sent by folding the paper and the cancellations tell the story of place, rate, and sometimes means of travel. There is a catalog for them, the Konwiser Stampless cover catalog. Yours are dated 1841, before federal stamps, and 1851, when stamps existed but were not always used. Neither are valuable; the Brooklyn one is nice. The cost of the catalog would be more than you might wish to spend unless collecting such covers. The NY lists about 40 cents; the Brooklyn about double that.

* * *

Q.—How can you tell 727 and 752 apart, once you have singles only? How can you tell stamps with various watermarks (U.S. 1908-21)?

A.—The Newburgh, original and special ("Farley print") certainly appear the same in singles when the former has gum removed. It does take some doing. One sure test would be to have a gutter block of the special printing. As for watermarking the series you mention, this takes equipment and experience most of us lack. Your good experiences with the Ohlman electric device, but uncertain for this issue is appreciated. Even the experts admit error on the alleged single-line varieties. My only suggestion is to seek expert help when in doubt—if you regard it worth a service fee—or to be safe and assume you have the cheaper value when in doubt. I'm sure these are not comforting words.

4c COMMEMORATIVE STAMPED ENVELOPE FOR PONY EXPRESS CENTENNIAL YEAR

A new 4c commemorative stamped envelope will be issued July 19, 1960, at St. Joseph, Missouri, in connection with the 1960 Pony Express centennial year. The new 4c commemorative stamp for the same event is being issued on the same date, July 19, at Sacramento, California, thus giving a commemorative philatelic item to both terminals between which the Pony Express ran, beginning April 3, 1960. The design of the stamp in both instances will be the same.

Collectors desiring first day cancellations on the new envelope may submit orders to the *Postmaster, St. Joseph, Missouri,* with remittance to cover the cost, which will be five cents per envelope. The name and address of the recipient must be plainly written, and the outside envelope to the Postmaster should be marked "First Day Covers 4c Pony Express Envelope."

The eight states through which the Pony Express ran are Missouri, Kansas, Nebraska, Wyoming, Colorado, Utah, Nevada and California. Each of these states is planning a celebration for the centenary.

One highlight of the year will be a scheduled re-enactment of the Pony Express runs, starting out from both St. Joseph and Sacramento simultaneously next July 19, at the height of the vacation season in the west.

NEW H.P.O. ESTABLISHED

Effective December 28, 1959, Highway Post Office Service will be established between Saginaw and Jackson, Michigan, on a temporary basis—not to exceed one year. This HPO service is being established due to the discontinuance of train service by the railroad between Bay City and Jackson, Michigan.

NEW SERVICE ON A.M.-73

Effective January 15, 1960, Frontier Airlines, Inc., will inaugurate new airmail service at Lemmon, South Dakota, over Route AM-73. An official cachet will be furnished for the Post Office at Lemmon, and the usual philatelic treatment for first flight covers (7-cent airmail postage) has been authorized.

SPECIAL CANCELLATION

A special cancellation has been authorized for use at Hemet, California between January 1 and December 31, 1960, marking its fiftieth anniversary. Collectors may secure examples of this marking, reading "50TH ANNIVERSARY HEMET" by sending stamped, addressed envelopes to the Postmaster, Hemet, Calif., with an enclosed note requesting that the special cancellation be applied.

The New Hebrides Condominium

By NATHAN HALS

FRANCE & COLONIES GROUP

THE separation of the stamps of New Hebrides into French and English sections by the catalogs is to my mind clumsy and confusing for the collector. This illogical method is particularly pointed up by the handling of the 1920-21 surcharged issues. Once it is understood that there is only one postal system under one postmaster (but, unfortunately, with two different language sets of stamps instead of a single bi-lingual one) the collection and understanding of these stamps becomes simple.

The Condominium Treaty of April 30, 1906, ratified in 1907, and operative on April 1, 1908, established the joint rights of the British and French in the archipelago. It placed the natives under joint protection, and set up the ordinary governmental functions of posts, constabulary, and commercial supervision under Resident Commissioners of France and England. This cooperative effort in international control was the background of the League of Nations Mandates, which created the Africa that rumbles in the news today. It was also the basis of the Anglo-French control of German Togoland early in World War I. We are thus dealing with an obscure area with more than a little influence on our lives.

Because of a lack of membership in the U.P.U., which did not come until March 1, 1911, the first stamps of the islands had to be provisionals. Definitives would have been no better than locals, and would have required additional stamps of a regular member country to validate letters for international travel. Overprinting the stamps of Fiji and New Caledonia answered the problem.

Up to 1911 each country overprinted stamps as required, but with the 1911 definitives the agreement which still stands became operative: the designs are by the French but the plates and printing are by the English under Crown Agents supervision.

Unfortunately for catalog values the French placed all French language stamps on sale in Paris before they appeared in Vila, the capital of New Hebrides. However, this fact should not affect the value of used copies, which are quite scarce. I have no evidence of favor cancels from Paris. Disregarding the prior sales in Paris the proper cataloging of the stamps is as follows:

Oct. 29, 1908 — Edward VII stamps of Fiji, overprinted at Suva.

Nov. 21, 1908—1905 stamps of New Caledonia overprinted in Paris. "CONDOMINIUM" omitted. Sept. 1910 — Same with "CONDOMINIUM" added.

Dec. 15, 1910 — Edward VII stamps of Fiji, printed and overprinted by De La Rue in London.

July 12, 1911—French language definitives, recess printed from copper electroplates by De La Rue. Multiple CA watermark. July 25. 1911 — Same — English language stamps.

April 29, 1912 — 1911 French language definitives on "R F" paper, sideways; 5 c. and 10 c. in sheets of 60; "R F" watermark upright.

March, 1920, — 1916 Suva surcharged issues.

March 1921, — 1916 Suva surcharged issues — mixed language changes.

May, 1924, — 1916 Suva surcharges—change in color/value relations, by Convention of 1922.

April, 1925—New definitives in new color scheme, recess printed from steel plates.

From 1925 on all issues have been simultaneous. The "France Libre" set of 1941 is of interest for the varieties of overprint, but cannot be considered a unilateral issue such as the Queen's Coronation stamp.

In proportion to the number of stamps cataloged the New Hebrides has a large number of scarce and rare stamps. There were only 2,280 of the 1908 ½d. on single CA paper; 1,440 of the 1s. on the same paper; only six of the 1d. without overprint; 200 of the 5c. on 50c. without "CONDOMINIUM"; only thirty of the 2d. on 4c. on RF paper. There are rare varieties of the ½d. with "ICONDOMINIUM"

CANADA: Buying

We are at all times interested in the purchase of Canadian stamps in all categories except very common packet material. Please submit whatever may be available by registered or insured mail for cash offer or with your price. Especially would like to hear from dealers who ordinarily do not handle Canadian stamps and yet pick up or have the chance to buy collections and stocks. In sending the lots, there is no need to ever write first, unless lot is very large or too valuable to entrust to ordinary mail channels, in which case we will travel to any part of the world to inspect Canada properties worth $10,000 and up.

Here is a partial list of what can be used at all times—

1. Pence & cents issues, on and off covers and in poor to superb conditon.
2. 1868 large cents as above.
3. Small cents; accumulations, stocks, specialized collections.
4. All later issues mint and used to 1940, singles to sheets.
5. Airmails, special deliveries, postage dues.
6. Coils, booklet panes and booklets.
7. Covers, but only to 1908. None later please.
8. Plate blocks; collections and accumulations.
9. Revenues of every description and in any quantity.
10. What else in Canadiana would you have?

The New Hebrides Condominium

(*Continued from page* 50)

of 1908, and the 50c, of 1910 with "CONDOMINIUM*I*".

My experience, plus a search through auction catalogs in the United States and Great Britain, shows a scarcity of used copies, which are thus undercataloged. New Hebrides issues are popular in France and Australia, and they are deservedly so, for they have a fine range of land and maritime cancellations which attract collectors interested in postal history.

Will Rogers said he never met a man he didn't like, and there are no uninteresting stamps, but for one who is tired of favor cancels and unnecessary issues and who likes interesting problems of printing and plating, and to take armchair journeys to tropical isles steaming under great rains and with cannibals menacing each step taken on ground shaken by volcanic action, these are the stamps.

D.P.A. Philatelic Directory

The D.P.A. Philatelic Directory 1960, edited by Lothar Krueger, Ramsteinweg 11, Berlin-Zehlendorf, Germany. Price in U.S.A. $1.30 from Barney S. Barsketis, 6752 So. Campbell Ave., Chicago 29, Illinois.

THIS directory, published annually, carries an abundance of information for the collector seeking exchange or correspondence. It is divided into eight sections, its main contents being the addresses of 2,000 collectors according to hobby interests, age, and profession. In addition there are lists of stamp dealers in various countries, the international auction houses, clubs, airmail, and correspondence associations, FIPCO cooperatives, etc. Then there is a comprehensive list of addresses of over 100 philatelic magazines from various countries of the world, and the addresses of postal administrations.

Although the directory is in the German language, there are eight foreign-language translation tables (English, French, German, Spanish, Italian, Swedish, Dutch, and Finnish) which makes it useful regardless of whether or not one is fluent in German. It should have wide appeal and enjoy a good sale at its very low price of $1.30.

Philatelic Notes

By George van den Berg

AUSTRALIAN Commonwealth collectors have been greatly handicapped by the lack of a good album. One was published some time back but soon went out of print and the publisher folded up. There is, therefore, great interest in a new, de luxe edition looseleaf standard British-size page catalog, announced for early 1960 by the publishers of the *Commonwealth Specialist Catalogue*. It will cover all stamps issued from 1913 through 1959, and should enjoy wide use. The fact that this publisher is bringing it out gives promise of stability to the new venture, which will please all collectors in the field since a printed album boosts collecting almost as much as does the appearance of a specialty catalog.

THERE was a time not so long back when 500-variety Japanese packets were the largest encountered. However, there has been a steady procession of gorgeously designed and printed low value commems and national parks stamps of late, so 600-variety packets are now being offered for the first time.

ALL OVER Tokyo, in stationery supply shops and bookstores, one finds large display cards bearing individual packaged stamps and coins sold at from Yen 10 to Yen 100 each. Several firms are supplying these on a consignment basis, new cards being provided every fortnight or so. Those most commonly seen are made up by the Ebisuya Company of 306, 6 Omiyamae, Suginami-ku, Tokyo. Items on such cards are generally priced at full catalog with 50 per cent commission being paid the consignee on all sales. With every school child an avid collector, the turnover is enormous. Millions of stamps must be marketed each season in this fashion.

H. E. HARRIS and Company's Universal Stamp Hinges are on general sale at stationers and at stamp concession counters in the department stores in all parts of Japan. Having run out of them while touring through Kyushu (the southern island) the other day, we picked up a new supply in Kyoto since all four of us always work on our collections in our hotels while traveling. The Universals cost 50c per 1,000 in these parts but most Americans living in Japan use them since they hold well and are fully peelable.

YUSEI KOSAIKAI, a leading Japanese chain stationer, operates a large stamp concession just inside the main door to the Central Post office in Tokyo. with the government philatelic agency counter a few feet beyond. If you weren't posted, you'd take the long concession

U. S. PLATE BLOCK News

By Edward A. Livingstone

690 River Road, Beaver, Penn.

Plate Number Activity at the Bureau of Engraving and Printing for the Month of October 1959

IN the month of October 359 plates were cancelled, including forty-five plate numbers of which no copies reached the public. From recent records based on Post Office Department releases this is the largest single month, by far, for any listing of total plates cancelled.

Among the plates cancelled were 144 of the Presidential series; 108 of the Liberty series; twenty for the air mail stamps, including commemorative air mails; and eighty-seven of the commemorative stamps.

There are quite a few significant facts revealed in the group of cancelled plates, but one of the main points is that a number of the 1938 Presidential series plates have had quite short printings, and collectors who are interested in plate numbers and positions would like to have had this information sooner. For example, there are two 8c Prexy plates, 24076 and 24107, which had only 12,100 impressions. There are four 12c plates, 22846, 23910, with 17,650 impressions each; and 24757 and 8 with only 4000 impressions each. The same is true of two plates of the 13c, and when you come to the 14c Prexy, Plates 22848 and 23938 show only 4349 impressions each. On the 16c Presidential two plates, 23037 and 23929, each have only 3429 impressions. On the 18c there are also two low ones; and on the 19c, one plate number, 23045, shows up with only 1450 impressions. Two of the 21c plates, 23053 and 23933, have 5325 impressions each; and two of the 22c plates, 23934 and 24081, have only 2450 impression each.

From the collector's point of view it would be desirable if plates were cancelled with less time lapse between disuse and the time of cancellation, but of course we realize that there may be factors which make it impossible to cater to the collector in this respect. The writer understands that some of the plates have been maintained in stock because of the Stickney presses still being in use, and such plates were adapted only to use in these presses. I believe that the majority of the Presidential and the Liberty series plates now being cancelled are ones which could only be used in the Stickney presses.

Twenty new plate numbers were assigned during October, two being for the new 15c airmail, 26487 and 26502. Four plates for this stamp which were assigned in September and October were sent to press during October. Also, the 4c George Washington "Credo" stamp had four numbers assigned to it, 26488-9, 26494-5, the two former having been sent to press in October. Twenty plates in all were sent to press in October.

Plates Assigned, Cancelled, and Sent to Press

PLATES 26494 and 26495 for the 4-cent George Washington "Credo" commemorative stamp, which will be placed on sale January 20, 1960, at Mount Vernon, Virginia, were sent to press during November. Also sent to press were plates 26498-26501 for the 4-cent Dr. Ephraim McDowell "Famous American" stamp released December 3, 1959, at Danville, Kentucky.

Plate No. 26517 was assigned for the master plate of the 4-cent Boy Scout golden jubilee commemorative, which will ap-

pear February 8, 1960, at Washington, D. C. No impressions will be made from this plate. Also assigned during November was plate 26507 for the 15-cent international air mail stamp; plate 26508 for the 4-cent Washington "Credo," and a number of plates for the regular 4-cent Lincoln in sheet form, and for coils and booklets.

Continuing its stepped-up program of cancelling plates which are no longer required, the Bureau of Engraving and Printing, with authorization from the Post Office Department, canceled 109 plates during November.

Among the plates cancelled was No. 26489, assigned for the 4-cent Washington "Credo." No impressions were taken from this plate. Most of the plates were for various denominations of the 1938 Presidential regular postage series—1-cent to $5.00, and for some denominations of the 1954 series. Also, ending the list, was plate 26486, for the 15-cent international airmail stamp of 1959. A total of 156,309 impressions was made from this plate.

Recent Air Mail Stamp Printings

THE 6c Powered Flight Air Mail anniversary stamp was printed from six plate numbers, from 24781 to 24786 inclusive. The number of impressions from each of these plates ranged approximately from 66,000 to 76,000, which is not a very wide variation.

The 4c blue air mail stamp was printed from four plates out of six which were assigned. Plates 25034-5 had approximately 67,000 impressions each, whereas Plates 25040-41 had only 12,000 impressions each. Plates 25611-12 were both cancelled with none issued to the public. The plates of this 4c air mail stamp should enhance in value particularly 25040-41, because of the low number of printings.

In the list of cancelled plates for the month of October the final plate for the 6c Air Forse stamp appeared. This makes the record on this stamp six plates assigned and four plates used, two being cancelled without any being issued to the public. The plates used were 25761-64, inclusive. The number of impressions for plates 25761-62 were in the order of 281,000 each, whereas plates 25763-4 were only used for 67,000 impressions. This, again, should make an interesting situation for possible enhancement in view of the fact that two of the plates each had more than four and one-half times the number of impressions of the other two plates.

TIPOFF

COLOMBIA—Every airmail collector who does not have Scott's #C200-207 should make every effort to include this Lansa Line issue in his collection. According to Sanabria, there are only 5,000 complete sets to go around. Compared with this 1950 Lansa issue, Scott's #C166-174 this 1951 set (of which there are also only 5,000 complete sets), catalogs at about half the 1950 issue. Scott's #C200-207 seems to be the best among the Avianca/Lansa overprints and there is no doubt that the slightest additional demand will force prices up one of these days. The presently low, practically new issue price insures good possibilities, and the increase in value should come within the next two or three years. For these reasons, I choose this set as this week's TIPOFF.

UNITED STATES—Now that the 80c Diamond Head airmail stamp, Scott's #C46, is officially removed from sale, collectors who have a single, block or plate block in their collections can sit back to see what will happen, although at the present time nothing startling should be expected. I would also recommend that a single and a plate block of Scott's #C56, commemorating the 1959 Pan American Games, be included in your collection. This latter commemorative has greater possibilities than Scott's #C46 because of its thematic background which will always be in demand all over the globe. It should be bought now while it is still on sale, for once it is removed from sale I believe the price of a plate block will go up faster than any other of the recent air issues. Plate blocks bought now of both Scottt's Nos. C46 and C56 will always be worth the money invested in them.

UNITED ARAB REPUBLIC (SYRIA)—The three-value International Children's Day commemorative set of 1958 has finally been listed by Scott in its December *Monthly Journal* under #13A plus #C10-11. Collectors will have a hard time finding a present-day bargain. Although this

item has been tipped many times before while it was selling for $7.50 to $15.00, many U.A.R. collectors refused to buy it because it was not listed in Scott's. By the time the 1961 edition is available, the market value of this set will be astronomical and closer to the $100.00 mark. Wholesale quotations from the Middle East are ranging from $55.00 to $60.00, and very few collectors will be able to include it now, with such an enormous price tag.

GREECE—In the August 29, 1959, issue of STAMPS I mentioned the Greek theatre set, recommending that it be bought at the then prevailing new issue price. Today (December 16th) I received information from Capt. H. Anderson, Jr., of the U. S. Navy, that he was in Athens on the day of issue, but all he could get was one set at the Post Office. It took a lot of talking even to secure the one set. Later in the week he tried to obtain blocks of four from an Athens dealer, but the price asked was far out of line, and he just walked away in disgust. Finally, a month later, in Naples, Italy, he was able to purchase his set of blocks at a more reasonable price over face. Our thanks to Capt. Anderson for his first-hand report.

SYRIA — The ever-active market in everything pertaining to the United Nations causes stocks to go down so rapidly that dealers have a hard time replacing certain sets. One of these is Scott's C169-172, commemorating the United Nations Social Welfare Seminar, held in Damascus in 1953. Until about a year ago Middle East dealers were able to supply us from time to time with ten sets at a time. Today, if they come up with any at all, it is only one or two sets, and charging us three to four times as much as they did a few months ago. There should be some left here in the U.S.A., and if you have a chance to secure this set at a fairly reasonable price, don't refuse it if you are interested in it.

Philatelic Notes

(*Continued from page 54*)

stand for the agency itself, since you come to it first and there are always 150 or so varieties of first day covers running back eighteen months to two years on display, with innumerable packets, stockbooks, albums, stamp magazines, and philatelic souvenirs cramming large display cases.

The covers themselves are kept on tables against the wall. You hand in the numbers of the wanted items to one of the two exceedingly pretty and efficient girls in attendance, and they supply you in a jiffy. When the piles on the tables vanish, replenishments are secured from storage bins below the tables so long as there are any. However, everything runs out sooner or later, the sample is then removed from the display board, and a new item is allotted the old number. This might plunge things into chaos, with the eight Nagoya sample covers in eight different positions, but the girls remount everything periodically and re-arrange table stock accordingly to speed up deliveries, so one can generally tell at a glance just what's available in fancy covers with fancy cancellations for any particular stamp in which one is interested. I've bought many hundred covers by now, and the girls have never made a mistake in deliveries. Accounts are deftly totaled on the oriental adding machine, the time-honored Chinese abacus, known in Japan as the *soroban*. There's never been even a ten yen error there, either.

The counter almost always has clients waiting in line no matter what time of day you come along and, on occasion especially at noon, and all day after a new issue has appeared, it's crowded. Most folks don't seem to know that there is some mighty fine stock book material in one of the cabinets. In fact, I chanced upon this quite accidentally. So, whenever there's a little lull while I'm at the Central (a mailbox in the basement "Call" section is a handy place to let mail pile up while one is out of town), I ask for a "looksee" and am seldom disappointed.

Of course, there are the usual stationery store items on sale at the counter, but philatelic transactions obviously constitute the bulk of the business. It's probably the world's largest stamp location, for thousands of people pass it every hour, many instinctively stop at each passing, and the take must be huge.

U. S. Precancels

By Adolf Gunesch
30 West Washington St., Chicago 2, Ill.

(This is the 28th instalment in the Parade of Bureau Precancels)

MICHIGAN

(Continued)

NOT too much is definitely known about the Adrian coils. They were ordered in the 2c, 3c, 5c, and 10c denominations in the small Old Style in the fall of 1928. It is believed that a small manufacturing firm requested them and used them for a while but folded with the onset of the depression. They were used almost exclusively on parcel post, and when demand ceased, were not retained in the post office but returned for redemption. We have been told that fully 75 percent of the order was redeemed, and this would of course explain their scarcity.

ADRIAN MICH.

To us these stamps typify the fascination of precancels. No less than five times since they became scarce we have found some Adrians in otherwise almost valueless mixtures. A few years ago we picked a lovely strip of five of the 2c coils out of a five-pound mission mixture lot that had already been "pawed over" by several collectors who scorned precancels.

The stamps from this town are bound to be excellent property, and if there ever were any "sleepers" in the catalog, these are. The 10c coil is the best of the lot, and if you are particular about condition, you will have to do a lot of hunting. Seven Michigan offices have used only the 1c value in the small Old Style.

Albion ordered the coil in the 1c value in the spring of 1938, and a year and a half later received the 1c Presidential coil. Neither of them is common. This office is now using the 2c Liberty coil, and if it is replaced with the narrow-spaced coil, it too will be a good property to have.

Flint began with the 1c coil in 1930; added the sheet stamp five years later; and has used Bureau precancels consistently ever since. The 1c coil of the 1922 series, G-C catalog No. H56, can be found with the "T" of Flint missing. While it is a rare item, it is not an error but a break. We had never seen this Bureau variety until recently, when we purchased the collection of *Emil Jahnke* of Flint, Michigan.

The 1c coil in the small Old Style was supplied Holland in the spring of 1929, and has been obsolete for more than twenty years. It looked for a long time as though Holland was a one-time user, but finally a couple of narrow Presidentials were added.

Mount Clemens received the 1c sheet stamp early in 1938, which was never replaced; instead they added the 1½c Presidential narrow. Neither is common.

Owosso received the 1c coil in the fall of 1937 and later added the 1c and 1½c Presidential coils, which are scarcer than the old coil.

Port Huron has two stamps that are scarce, the 1c in the small Old Style, and the 1c wide-spaced Presidential. The rest of the Bureaus from this town are easy to pick up.

Saint Joseph seems to have found good use for the 1c small Old Style coils, as they are plentiful, and again we find that the Presidential coils are much scarcer than those used many years earlier.

Jackson ordered the 1c, 1½c, and 3c sheet stamps in the small Old Style in 1928. Evidently many more than the minimum (half million) of each were requested. They were never reordered, yet were heavily used for several years. They should be common, but the 1½c side-view Harding, G-C catalog No. H33, and 3c Lincoln, G-C catalog No. H36, are not easy to pick up if you want them in fine condition.

The 1c wide-spaced Presidential has turned out to be a real rarity. Just what happened nobody seems to know.

Marshall has used the 1c coil since February 1931. Seven years later they ordered the 1½c coil. Both seemed to be satisfactory, and these values were reordered in April 1939, and have appeared on the Presidentials.

Muskegon began with the 1½c front-face Harding coil in May 1930. In September of the same year the 1c coil was requested. The 1½c coil evidently did not move well, as it was never re-ordered. Then it was decided to try the 1c sheet stamp, and it was ordered in 1932. It was satisfactory, and Muskegon has used the 1c sheet stamps consistently since then, replacing them with the 1c Presidential in 1938. In April 1940 it was decided to try the ½c in the small Old Style. There are a couple of stamps from this city that are much scarcer than the others. Consult your G-C Standard Bureau Catalog.

If you have Michigan complete, you are fortunate. As time rolls on, the rarities from the Wolverine State are bound to increase its total worth in Bureaus, and to make it one of the difficult states to complete.

STOP BUYING DUPLICATES
The WILSON PLAN

Want to cut down on accumulating duplicates? Want to build up those weak countries economically? Then the **Wilson Plan** is the answer. Here is the idea in a nutshell: For example, you have, say 150 diff. **Paraquay** stamps in your collection. You decide you wish to increase it to 300. You deduct the difference in price from our list. Your 150 different are worth $2.00; the 300 different $6.50. You remit the $4.50 difference. We send the 300. You remove the 150 you do not have, returning the remaining 150 to us. It is that simple! Or you might decide to increase to 400. It can work on any size packet on any country from our list as long as the difference is $3.00 or more per country. Send for the **WILSON PLAN APPLICATION** and latest packet price list offering almost 1500 different collections.

of fifty. The 90 Kurus design depicts an open window on the world and the emblem of the refugee; the 105 Kurus value shows the shanties and the emblem of the refugee. The stamps will be valid for postage until December 31, 1961.

—*Director General of P.T.T.*

URUGUAY—Our thanks to *Julio A. Castelnuovo* and *J. Santiago Rachitoff*, Montevideo, for a first day cover of the three value set commemorating the 50th anniversary of the Y.M.C.A., issued December 22, 1959, in an edition of 100,000 sets, as reported in our December 26th issue. The values and colors of the stamps are as follows: 38c, green; 50c, blue; 60c, orange.

VATICAN CITY — *Pierson Ostrow*, Burlington, Vt., reports that the Nativity Set issued December 14, 1959, was designed by *Casimira Dabrowska* and engraved by *M. Columbati*. The 15 lire (gray), 25 lire (red), and 50 lire (blue) values were printed on paper watermarked with Papal keys in sheets of thirty.

The St. Casimir set also issued December 14, 1959, was designed by *V. K. Jonynas* and engraved by *Alceo Quieti*. The 50 lire (brown) and 100 lire (green) stamps were printed on paper watermarked with Papal keys in sheets of forty.

VIET NAM (South)—In our issues of July 4 and November 21, 1959, we reported on a set of stamps for Community Development, issued October 26, 1959. The values were 1d00, 2d00, 4d00, and 5d00. We now have information from David S. J. Alexander, of the United Nations, that this set has been incorrectly reported in some sources as being related to the I.L.O. Agency of the U.N. To check on this Mr. Alexander wrote to Viet Nam, and has received the information from the Director General of the Post Office that the stamps were issued in honor of the fourth anniversary of the Republic, and were designed to represent a group of voluntary workers engaged in road work as their contribution to Community Development, launched by the Government. It has no relation to the I.L.O.

THE STAMPS OF PALESTINE

A Specialized Catalog

by Dr. W. Hoexter & S. Lachmann

This catalog deals with the stamps issued under the British Administration of Palestine from the beginning of the occupation of the country by the Egyptian Expeditionary Force up to the present time. Postal history, postal stationery, and postmarks are excluded for the time being.

For the most part, only major plate and overprint varieties, are included, but these are well illustrated, with clear indications of the positions of the varieties.

Their philatelic research brought some interesting results. They succeeded in discovering the arrangement of the third local overprint, the construction of the plate of the 13 milliemes (Waterlow printing), and the build-up of the overprint plates of the same issue. They also listed for the first time the stamps of the current set with all their variations.

The equivalent numbers of Gibbons, Michel, and Scott catalogs are given. Illustrations include such important features as an interpretation of the Arabic Value Tablets in clear enlarged heiroglyphics, the types of the various settings, a clarification of the arrangement of the overprint plate, types of the overprint, etc.
